

Feb 2023 Zaragoza Iglesia de Cristo

Andrews Church of Christ

It is a pleasure to share our news. And I am very grateful because we continue to be part of your great plans, I deeply appreciate the financial support that I receive every month for the needs of my family and home.

January was to cover the ministries of the church, we know that the church must feel part of the Lord's work for its growth as a Christian and also to grow as a congregation and that is why we try that everyone has a special job in the church Ephesians 4:15-16 ...united with each other by all the joints that help each other, according to the activity of each member... here I include a document with the different ministries. Usually, we change this coordination every six months with the purpose that the members do not fall into the routine, but serve with joy, however some have taken their ministry for a longer time. During the month of January, on Sundays, preach the Servants of Christ series, talk about Aquila and Priscilla, Phoebe, Barnabas, and Jesus with the purpose of helping the brothers to consider that we are all servants of Christ and thus work better in the church. and as a result, the teaching of the Word of God motivated the brothers to work more on the work.

I am planning to visit and attend the service with your church perhaps on March 12, I will be very happy to meet you in person.

Sincerely,

Miguel Evangelista
