Brothers of Andrews may the powerful grace poured out by the hand of our Lord Jesus Christ abound in each of you and in each of your plans today always.

The following is to tell you what was done in this first month of the year, a year of many expectations, new beginnings, and a lot of faith, begging the almighty for his blessing in a very cold month, but undoubtedly blessed with the hand of our God and hoping that also in this year we see the glory of our God in each of his children and in the plans of the church for the glory of his name.

So, I will start by telling you that we have talked and motivated the church to develop each of our gifts and in this year we have changed some brothers who had the ministries of the offering, the roles of participation, as well as those of grooming and preaching. All this to involve those who have not participated in such activities and those who have done so get involved in other and new activities and so we can say: "we are useless servants" since we have understood that if we do not have a position, we become a burden and the burdens are We bring them to Christ. So, this year we start with new plans trusting in the Lord to be blessed in his service, as well as for the service of the saints.

So also on Sunday, January 18, after the morning message we witnessed how a sheep returned to the herd since our brother Francisco, a brother who had moved away from the Lord, passed by to confess his need and asked forgiveness to the Lord who hugged him and put new clothes on him and it was of great joy, so we pray that our brother to assert himself and his wife one day knows and recognizes the author of his salvation.

So, we also took our first conviviality as a church and it was a great blessing since this type of activity strengthens us and unites us in love and service to our God.

Our young people are still animated and their plans for this 2026 are very active, trusting that the Lord will provide them.

So, we are also counting the days for our annual campaign which we will carry out with the power of God on the 20th, 21st and 22nd of this month so more than ever we are in prayer and organization so that this event the Lord takes the glory.

Well brothers, that's all for the moment I say goodbye sending you a fraternal greeting and reminding you that the harvest is much more, the workers few, and that the few should not falter but trust because in due time we will reap if not faint.

Atte:

Julian Tovar Jr.

The mighty God, even the LORD, hath spoken and called the earth from the rising of the sun unto the going down thereof. PSALM 50:1
