Newsletter

Brothers of Andrews, I trust in Heavenly Father and great Shepherd of our souls that His care and protection is with all the saints who call upon His name among each of you.

So I will begin to tell you what I did in this past month of May, a very rainy month with great celebrations and also great challenges, where each of these days are blessed days and where the temperature has also been increasing and that makes the heat annoying for some but also necessary for other purposes.

So I'll start by telling you that on May 1st, 2nd, and 3rd, we participated in a leadership activity in the city of Monterrey where we greatly enjoyed not only the word of God, which is the most important thing, but also meeting very good speakers and a beautiful city, for which we thank our Lord for such a blessed privilege of being greatly edified.

Also on May 10th, taking advantage of our get-together, we rejoiced in recognizing the work and role of each of our sisters who, by the blessing of our God, have become mothers. So, the men prepared a banquet for them, as well as activities and reflections for each of them, thus thanking our God for whom we still have a mother.

The youth group also had their monthly meeting and are preparing for their annual meeting next July, where they are getting ready to welcome other young people from outside the city. We know this will be a great spiritual celebration because we will achieve it through faith, work, and prayer.

Also, being blessed with rain, the result is cleaning up since the grass grows and the men got to work to give the meeting place a nice image.

Regarding our local activities, we continue with benevolence, studies, visitation, fellowship, and planning. Thus, with the great power of God, the church continues walking in the midst of tribulation, loss, sickness, and even in whatever the enemy wants to put as a stumbling block, but we have trusted in the Mighty One of Israel, all for His glory and honor.

Well brothers and sisters, I'll say goodbye for now, remembering that He who promised is faithful and that His coming is not long in coming, so we must be faithful and consecrated until His coming and our meeting with Him.

Sincerely,

Julian Tovar Jr.

If we believe not, yet he abideth faithful; he cannot deny himself

2 Timothy 2:13
